Description

Add authentic culinary history to your space with this 18th century French copper fish kettle, a beautifully crafted piece designed for traditional cooking. Formed from solid copper, it features an elongated shape ideal for poaching whole fish, along with sturdy side handles for practical use. The interior and exterior display a richly developed patina, with natural wear that highlights its age and authenticity. Both functional and decorative, this rare piece makes a striking statement on a kitchen island, console, or shelf bringing warmth, history, and timeless French craftsmanship to any interior.
