## Description

The White & Gold Sectional Mirror blends classic elegance with architectural detail. Softly reverse-scalloped corners give the frame a graceful, sculptural silhouette, while the sectional mirror design adds depth and subtle visual interest. Finished in a warm, antiqued gold leaf, the decorative wood frame reflects light beautifully, bringing richness and dimension to the space. Equally striking as a focal point or layered within a curated wall composition, this mirror lends timeless sophistication to entryways, living rooms, dining spaces, or above a mantel or console.
